BE A GUARDIAN GIRL! BE ON RED ALERT!

WHY MUST YOU BE A GUARDIAN

- Some people are not trustworthy. They come to villages, especially during difficult times, offering jobs, marriage offers, education or a good life in the city.
- They make these opportunities seem safe, special and important. They might tell you that you are special, beautiful, and perfect for the what they are offering.
- They might tell you that you can make your family proud, and offer some support by sending money back home.
- They promise a bigger, better life.

WHAT IS REALLY HAPPENING

- The opportunities are fake! They aren't really taking you to a good job, an education opportunity, or a real marriage offer.
- When you get taken to the city, really bad things happen! It can ruin your life.
- You can be starved, abused, locked up, beaten and tortured. You can be locked up and forced to be raped (abused) by men.
- You won't receive proper wages. You won't make your family proud.

WHO CAN DO THIS

- This person can be anyone. An aunty, uncle, a distant relative, a friend's relative, older friends, neighbors, men who act interested in you, or someone from the city.
- This person can be familiar, and seem trustworthy. Other people might know and trust them.
- Often this person seems safe and likable.

BE ON RED ALERT

- You can stay safe and be a Guardian Girl for others by being on Red Alert, watching out for signs of trafficking, sharing your knowledge about it, and SPEAKING UP when you think there might be a problem!
- A Guardian Girl speaks up.

If you see any of these things, CALL someone you trust! You can call someone from your 'My Guardian Angels' list OR our helpline. We are here to help you. If you are afraid or have questions, call us.
